

**IN THIS NEWSLETTER:**

**Invaluable to the health of children**

The extra virgin olive oil cold pressed has a composition of essential fatty acids indispensable for the nervous system and the brain of children. It is the food more similar to breast milk.

**Invaluable to the health of children**

[www.oliovitali.com](http://www.oliovitali.com) Extra Virgin Olive Oil... Since 1950

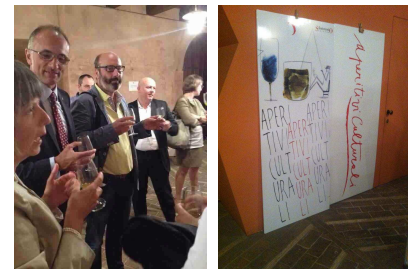

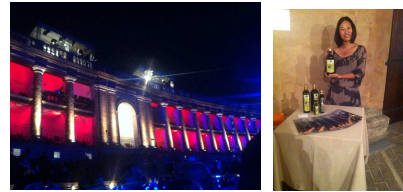

It has a similar composition of essential fatty acids and the same percentage of linoleic acid (omega 6) and this makes it an irreplaceable sustenance for the myelination of nerve fibers and brain development. It is easy to digest and helps both gastric and intestinal functions, preventing the phenomenon of constipation

*The most common fraud is to mix 95% of odorless oil and / or lamp oil with 5% extra virgin olive oil and sell to the final consumer this mix as extra virgin olive oil at a price lower than the cost of production of true extra virgin olive oil.*

*When the final consumer find in the market an extra virgin olive that cost less than the cost of production have to ask him/her self... "what am i buying?"*
